

Winter Weather Advisory Tonight into Thursday

Winter Weather Advisory

Message of the Day:

- A system will bring snowfall tonight through midday Thursday
- 2 to 5 inches of accumulation from the Brainerd Lakes area to the I-35 corridor with 3 to 6 inches across northwest Wisconsin
- Slick driving conditions expected for the Thursday morning commute

Important Forecast Changes

Initial Issuance

NEW

Winter Weather Advisory Tonight into Thursday

Key Points

Hazards: Snow.

Areas Impacted: The Brainerd Lakes area to the Twin Ports and I-35 corridor and into all of northwest Wisconsin.

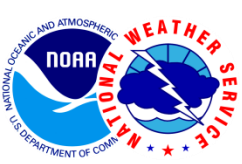

Timing & Duration: Snowfall spreads from west to east late this evening and then ends from west to east around midday Thursday. The snow will affect the Thursday morning commute.

Impacts: Roads will become snow-covered and slippery. Visibility will be reduced.

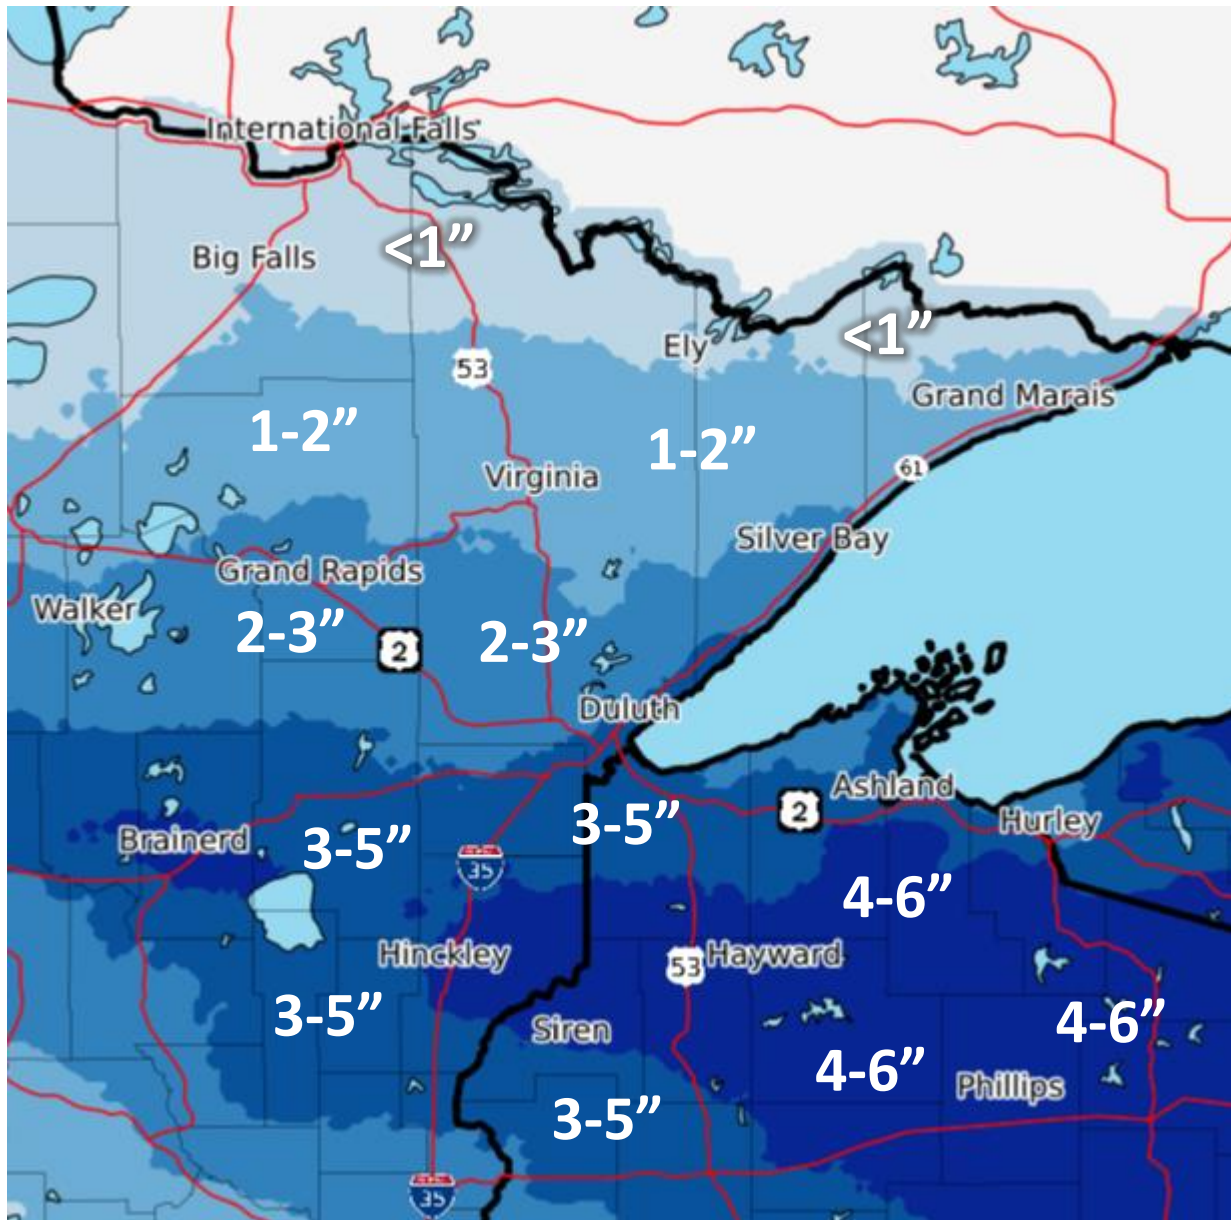

Certainty & Considerations: High certainty of 2 to 5" of snow in the advisory area. Less confidence to the north as snowfall totals will quickly fall off.

Winter Driving Safety

- Clear snow and ice from windows and lights
- Brake early. Leave twice the amount of room for stopping.
- Don't use cruise control in wintry conditions
- Don't cut in front of other vehicles
- Take it slow! Delay travel if feasible.

*Ice and Snow...
Take it slow!*

How to Measure Snow

- ✓ Measure in a flat, open area
- ✓ Take an average from a few different measurements
