Summer School Recap

Shell Lake Summer Schoolers are all set to travel! Their imagination has them seated and ready for a trip to California! "This is not an airplane though—it costs too many dollars to fly so we're driving!"

Summer School builders

Mrs. Carlson's 'Art Exploration' class offers elementary students the opportunity to spend time in her 7-12 classroom. This project introduced different ways to manipulate clay: rolling, patting, carving, and more. Special thanks to HS Art student, Charlie, for being such a great volunteer assistant!

If you've heard of Shell Lake Summer School then you've heard about "**LARRY'S CLASS**", Instructor Larry Samson has been teaching summer school for 19 years, providing hundreds of students the opportunity to have a digital camera in their hand! Students learn about using light, proportion (the rule of thirds), focusing, and editing as they traverse the school grounds, the Potter's Shed, and local opportunities to capture nature.
