## WashCo Leadership Adventure

The Healthy WashCo prevention department coordinates a seven week youth leadership training during the summer for high school students. The students are given the opportunity to practice their leadership skills with middle school students at an end of summer retreat, which we call the Youth Leadership Adventure.

The only qualification is that the student must be between 8th grade to seniors. They are looking for students that have the possibility of being a leader but aren't your normal go to kids for leadership roles. This camp is free for everyone.

Please feel free to pass along any names that you think of and I can reach out to them. Or if you prefer you are welcome to pass the information along as well.
