**Speaker: Georgiann Kuberra, MA  
Bereavement Specialist/Volunteer Coordinator at Essentia Health**

Often, parents who are grieving the death of a child struggle with feeling alone. In a rural area, it can be hard to find the kind of support a group offers. Join Bereavement Specialist Georgiann Kuberra as well as a panel of local community members who have lost a child to help navigate the painful process of grief. Please call 715-939-1736 with any questions.
