LITERACY INSIGHTS

SHELL LAKE SCHOOL DISTRICT

SUMMER 2025

Act 20 Update

Our school successfully met the requirements of Act 20 and reduced the number of students on Personal Reading Plans (PRPs) by 40% this school year. This means that many students made strong progress in their reading skills. Thanks to high-quality classroom instruction, targeted help based on assessments, and ongoing monitoring, our students showed great growth in foundational reading skills. This success reflects our dedication to helping every child become a confident reader and shows how well our literacy programs are working to support students in reaching grade-level expectations.

Summer Reading Challenge

As summer begins, we encourage families to keep the reading momentum going! Regular reading practice during the summer helps children maintain the progress they've made and prepares them for a strong start to the next school year. Reading can be fun and easy to fit into your daily routine.

Here are some simple ways to support reading at home:

- visit our local library and join a summer reading program,
- set a reading goal and celebrate when you meet it,
- read a book together each night,
- listen to audiobooks during car rides,
- have your child read to a younger sibling or pet,
- explore nonfiction books about summer activities or places you visit,
- and set aside a few minutes each day for quiet reading time.

Here are some online resources:

- [Storyline Online](#) – Actors read popular children's books aloud in engaging videos.
- [Epic! Books for Kids](#) – A digital library of books for kids (free access for educators and limited-time free trials for families).
- [Unite for Literacy](#) – Free digital picture books with audio narration in multiple languages.
- [Scholastic Summer Reading](#) – Book lists, reading activities, and a tracking system for summer reading.

Every little bit of practice helps build strong, confident readers!
Have a great summer!
