

# WARNING: Some products contain nicotine. Nicotine is an addictive chemical

## Do you know where your HEMP CBD comes from?

\*\*\*\* HEMP CBD does not contain Nicotine \*\*\*\*

**WISCONSIN LICENSED HEMP CBD** Are you purchasing it online? Can the company that you purchase it from provide you with lab reports to show you the quality of the product and where it's made?

Just like anything, not all CBD is the same! CBD derived and imported from China has been known to have heavy metals found in it. All of our HEMP CBD is independently verified by a third-party lab and we can show you a certified lab report of the ingredients that go into all of our products to verify the quality.

There are many new companies popping up all around so be cautious and make sure you know where your product comes from. Ignite Vapor & Tobacco is licensed from the state and only sells Licensed HEMP CBD products approved by the Wisconsin Hemp Pilot program. Unlike getting products from other retailers or online, you will know exactly what you're getting.

We carry full spectrum Hemp CBD products as well as Isolate based products. If you'd like some information stop in and we will help determine the best products for your situation.

The Spooner, Hayward and Superior locations are stocked full of new CBD products. We carry lotions, creams, hemp oil tincture, hemp flower, vape liquid, prefilled CBD oil cartridges, gummies, gel caps, isolate powder, honey, pet treats, and more!

There are hundreds of studies done about the amazing health benefits of hemp CBD. Got questions? Ignite Vapor and Tobacco has a friendly and knowledgeable staff that can answer all of your questions and help you pick out the product that is right for you. Stop in today and check it out!
